

P258

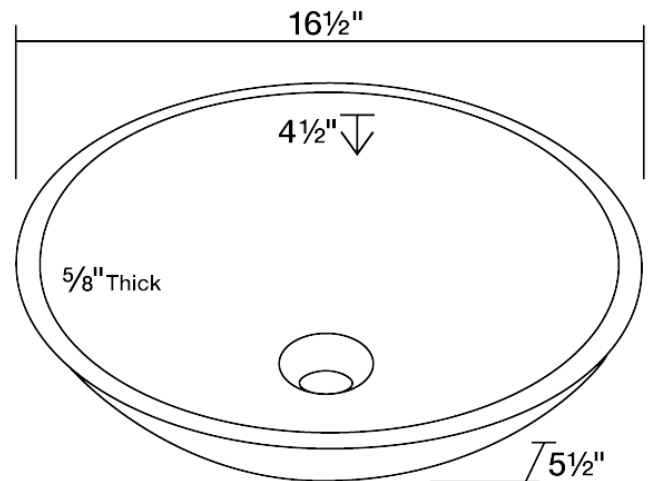

Wood Sandstone Vessel Sink

The P258 wood sandstone vessel sink is made from natural sandstone. The sink is carved from a large block of sandstone and smoothed to create a beautiful sink. Delicate beige and cream tones swirl throughout the basin creating an intriguing visual display. Both the interior and exterior are gently sanded to a smooth, very matte yet hard-wearing finish. Since sandstone is a natural stone, the details will vary in color and pattern from sink to sink. The overall dimensions for the P258 are 16 1/2" x 16 1/2" x 5 1/2" and an 18" minimum cabinet size is required. As always, our stone sinks are covered under a limited lifetime warranty for as long as you own the sink.
